

GLOBALLY CONNECTED

Publications Distribution
Management

EXTEND YOUR HORIZONS

We are the world leader in international publication management, handling 2,300 publication titles to over 225 countries. We work with you to develop the most cost effective, efficient, and timely solution, customized to meet your unique needs and those of your subscribers.

We offer best-in-class processes, equipment, and technology, and are backed by over 25 years of industry experience. Trust us to deliver your books, magazines, trade journals, and bulk newsstand shipments to their final destination on time, every time.

WE TAKE CARE OF YOUR BUSINESS

Our experienced account managers work with you to craft global distribution programs to meet your delivery requirements. From the outset, we collaborate to identify business process improvements to increase cost efficiency. This includes programs such as Publication Consolidation, which drives deep cost savings and impacts bottom line profit. Our relationships with postal authorities and private delivery networks around the world ensure highly effective, consistent and uninterrupted mail flow.

WE KEEP YOUR PUBLICATIONS ON TRACK WITH INNOVATIVE TECHNOLOGY

PubTrac™ is an innovative suite of publication management tools that provide comprehensive information for publication tracking and reporting; available around the clock for maximum visibility.

SERVICE MONITOR

The service allows subscribers, electronically, to make changes to their address and to document delivery times and the condition of the publication upon receipt. This data is used to improve delivery and provide enhanced customer service for both the publisher and their subscribers and advertisers.
